DISARMAMENT MOVEMENT TAKES FORM

FORMAL INVITATION TO CONFER SENT BY THE UNITED STATES

PROMISES SUPPORT STATES PRINCIPLES

Identical Notes of Invitation to Conference Sent Great Britain, France, Italy and Japan--China to Confer as Regards Pacific and Far East

WASHINGTON, Aug. 11.—Putting into definite terms a proposal for a disarmament conference the United States today invited the great powers to unite in a practical effort to remove the causes of misunderstanding and facilitate reduction of the world's enormous outlay for armaments.

In formal identical notes of invitation forwarded to Great Britain, France, Italy, and Japan, the American government pledged its own unstinted co-operation in such an effort and further defined as follows its own conception of the principles involved:

That there can be no hope for peace or stability until the tax burden resulting from heavy armaments has been reduced;

That such arbitration is possible only if troublesome international problems are solved by common consent;

That among these problems the Pacific and Far Eastern questions occupy a position of "unquestioned importance;"

HOUSE POLICY OF ASSESSING TAXES HEARD FAVORABLY

Republicans Act, the Democrats Retiring as is Custom

(By The Associated Press)

WASHINGTON, Aug. 11.—The house policy of assessing tariff duties on the basis of American valuation of imported merchandise was accepted by Republican members of the senate finance committee today, although they failed to reach an agreement finally on details of the program. Republicans acted alone on the question. Democratic members being ushered out of the meeting in accordance with what was said to be custom.

Determination of the details went over to tomorrow but before further moves are made Republican members of the house ways and means committee will be called in for an informal discussion of the changes, which the finance committee has recommended. The decision to establish the committee policy in Republican conference, brought protests on the senate floor from Senator Simmons of North Carolina, ranking Democratic member of the committee and Senator King, Democrat of Utah. In addition to the customs experts, who, Chairman Penrose said, merely were carrying out instructions of the Republicans in drafting changes in valuation sections, Secretary Hoover was before the committee today. He suggested that an amendment should be added which would take care of the countries whose currency has depreciated badly.

Scope Is Limited.

Under the assessment plan accepted by the Republicans the comparable wholesale selling price provided in the house bill as a basis remains the same. Its scope is limited in the respect that where no article of commerce in the United States exactly like an imported product is to be found, the American wholesale selling price of other comparable foreign commodities is to be ascertained as the basis of levying the duty. The expectation that a much greater amount of work would devolve on the customs service thru the application of the principle was recognized by sponsors of the plan who agreed to ask Secretary Mellon to increase the customs officials' staff that more would be sufficient.

Formal Invitation to Disarmament Conference

The text of the formal invitation to the disarmament conference follows:

"The president is deeply gratified at the cordial response to his suggestion that there should be a conference on the subject of limitation of armaments, in connection with which Pacific and Far Eastern questions should also be discussed. Productive labor is staggering under an economic burden too heavy to be borne unless the present vast public expenditures are greatly reduced. It is idle to look for stability or the assurance of social justice on the security of peace, while wasteful and unproductive outlays deprive effort of its just reward and defeat the reasonable expectations of progress. The enormous disbursements in the rivalry of armaments manifestly constitute the greater part of the encumbrance upon enterprise and national prosperity; and avoidable or extravagant expense of this nature is not only with economic justification but is a constant menace to the peace of the world rather than an assurance of its preservation. Yet there would seem to be no ground to expect the halting of these increasing outlays until the powers most largely concerned find a satisfactory basis for an agreement to effect their limitation. The time is believed to be opportune for these powers to approach the subject directly and in conference and while, in the discussion of limitation of armaments, the question of naval armaments may naturally have first place it has been thought best not to exclude questions pertaining to other armaments to the end that all practicable measures of relief have appropriate consideration. It may also be found advisable to formulate proposals by which in the interest of humanity the use of new agencies of warfare may be suitably controlled.

Must Desire Peace.

"It is however, quite clear that there can be no final assurance of the peace of the world in the absence of the desire for peace, and the prospect of reduced armaments is not a hopeful one until this desire finds expression in a practical effort to remove causes of misunderstanding and to seek ground for agreement as to principles and their application. It is the earnest wish of this government that thru an interchange of views by a conference, it may be possible to find a solution of Pacific and Far Eastern problems, of unquestioned importance at this time, that is such common understandings with respect to matters which have been and are of international concern as may serve to promote enduring friendship among our peoples.

Naval Armament First

Aside from the indications pointing to an agreement that each nation shall have five seats in the conference the formal invitation makes only one suggestion as to the subject matter of the disarmament.

That relates to new agencies of warfare, control of which the note holds to be advisable in the interest of humanity. Under this heading it is expected special attention will be given to use of gas, dissemination of disease germs over enemy lines and similar questions. The number of principal delegates to be sent by each participating nation is not suggested in the note.

Informal negotiations regarding the size of delegations are proceeding with indications pointing to an agreement that each nation shall have five seats in the conference with the privilege of substituting in any of the five places whatever personnel may be desired to cope with specific subjects.

A similar arrangement obtained at the peace conference at Versailles. While the official invitations were on the cables, President Harding turned his attention to a survey of sentiment in the senate. He summoned Senator Borah, author of the resolution, requesting the calling of a disarmament conference and in a conference of more than an hour went over foreign problems.

Invitation to China

The note to China was in the same language except that the

UPPER SILESIAN BOUNDARY LINE YET IN DISPUTE

Irish Difficulties Necessitate British Premier's Return

(By The Associated Press)

PARIS, Aug. 11.—The French and British premiers are at agreement upon the new line dividing Upper Silesia drawn by the experts appointed for this purpose. Therefore, the work of the supreme council which has had under advisement the Silesian problem cannot be completed for the present, nor is it possible to forecast the outcome of the differences which have arisen.

Premier Briand tonight informed the British delegation that he would be willing to accept as a last resort that "Sforza" line in Silesia, according to the Havas Agency.

This line gives Poland the western part of the industrial district notably Gliwicz, Zabrze and Tarnow.

British Premier Leaves

Mr. Lloyd George upon receiving the Irish reply by air courier this afternoon and finding that the Silesian situation promised new difficulties, said he could remain no longer in Paris, but would return to London tomorrow for a cabinet meeting Saturday leaving Lord Curzon and the experts behind.

The Italian delegates made an effort to bring about a settlement at a dinner at which Mr. Lloyd George was present tonight, but a member of the Italian delegation informed The Associated Press correspondent that the situation could not be altered until after the meeting of the French cabinet tomorrow.

The British delegation issued the following statement after the disagreement became known: "The experts have given their report, pointing out certain townships which are inseparably connected. Certain differences of opinion have developed between the British and Italian on one side and the French on the other, and a proposal of the British and Italian now will be considered by the French government, which in due course will indicate its views.

French Position

"Meantime Mr. DeValera's reply has been received and Mr. Lloyd George is returning to London tomorrow morning to deal with it. Lord Curzon will return at two o'clock tomorrow afternoon." The position of France as explained by M. Briand is substantially:

"The experts have presented their conclusions and have said to the supreme council 'Now decide.' We do not decide the same way, as British agreements have occurred. The experts' new line, which was arrived at by a majority vote, has not been agreed upon by the council and has been referred back to them, and they have replied:

"We shall come back before the council tomorrow if we can reach a unanimous agreement."

During the afternoon M. Briand received the correspondents and cautioned them, saying: "Don't you send out the report that the British mission is leaving tonight. The news from Ireland received by Mr. Lloyd George is bad but it may be that it will improve during the evening and I have an appointment with Mr. Lloyd George tomorrow morning at 10 o'clock."

MAN WHO FOUND GRAVE OF PRIEST HELD FOR MURDER

Eight Day Mystery of Missing Priest Believed Solved

(By The Associated Press)

SAN FRANCISCO, Cal., Aug. 11.—A fog that drenched and chilled, shrouded a little party of six in the midnight bleakness of the beach 20 miles south of here last night and a spattering lantern light revealed a bullet ridden body of a priest in a shallow sand grave to which the police and newspapermen had been led by William A. Hightower, a baker.

Hightower guided them there as one, who, from deductions of clues furnished by a woman of the night life, had solved the eight day mystery of the disappearance of the Rev. Patrick E. Heslin, Catholic priest of Colma.

Within 12 hours of this tragic denouement, Hightower faced accusations from the officers that he had slain the priest. Search of his hotel room revealed a rifle of caliber similar to shells found near the grave as well as newspaper clippings referring to rewards aggregation \$8,000 for information concerning the priest. A piece of bloody burlap and a contrivance of cartridges and shrapnel were also found.

Hightower in custody of police authorities was taken from the hall of justice for a destination not disclosed, and a statement was issued that he made no admissions that directly connected him with the slaying.

"I believe that Hightower killed Father Heslin," declared Chief of Police O'Brien, "but I do not believe he did it alone."

Motive a Mystery.

Mystery still veils the motive for the slaying of the priest according to police authorities. On August 2 he was called from his parish home by a stranger, and asked to attend a dying man. The next morning a case containing the bread and wine of the sacrament was found undisturbed in a pocket of the priest's clothes. Money was not their object for a neat roll of currency was found in a pocket.

The woman "Dolly Mason" to whom a foreigner told of the killing the priest, according to Hightower and who told this to him, could not be found today. Upon this rests the story of Hightower's arrest. Other angles which prompted authorities to directly accuse Hightower of the slaying included the following:

Hightower admitted that he was in Colma about the time the priest disappeared.

Evidence Strong.

He evidenced a strange familiarity with the site of the sand grave.

Hightower's story was that he chanced upon Dolly Mason on the streets here Saturday. She told him, he said, that a foreigner, a bootlegger had shown a large amount of money to her and a pistol with which he said he killed a man. He said the body of a slain man was in one of the caves in the sand beach, 20 miles south of here.

He was guided by a man kneeling and firing flapsacks, he told her, Hightower said.

This recalled, said Hightower, an advertising sign at this lonely spot, rarely frequented and on Sunday he drove down, according to his story and found the body. He brought a piece of bloody burlap and some cartridge shells back to his room, he said. Three nights later he was the witness of the Archbishop Edward J. Hanna, head of the Catholic diocese to tell of his find. The archbishop was busy and he told of it to a waiting newspaper reporter who arranged with the chief of police for the party which found the body.

HELD ON CHARGE OF DIAMOND SMUGGLING

CHICAGO, Aug. 11.—Charged with smuggling \$7,000 worth of diamonds into the country on the S. S. Mauretania, M. L. Levinson, said to be a wealthy real estate operator of Cleveland was held to the federal grand jury today. Levinson's arrest according to federal agents was brought about by M. L. Kasper, a tailor, who testified that Levinson had him lengthen the pockets in a pair of trousers to 24 inches. Kasper alleged that Levinson told him he wanted to smuggle in some diamonds.

SMALL'S ATTORNEYS REFUSE TO DISCUSS PLAN CONTEMPLATED

Believed to be Seeking Escape from Prosecution—Change of Venue Plan Not Yet Agreed Upon—Governor Returns to Kankakee—Sheriff Replies to Bitter Attack

(By The Associated Press)

SPRINGFIELD, Ill., Aug. 11.—Copies of all papers in the Small-Sterling-Curtis embezzlement cases were being obtained tonight by attorneys for Governor Small.

Sheriff Mester, also advised by State's Attorney Mortimer that it was not necessary to do so, filed the \$50,000 sheriff's bond signed by Governor Small, with Circuit Clerk Koehn, thus permitting Governor Small's counsel to obtain certified copies of it.

John Miller, associate of C. C. Laforce of Decatur, one of the governor's attorneys, was in Springfield today obtaining copies of the indictments and other papers.

Attorneys for Governor Small refused to discuss any of their plans.

Failing in habeas corpus proceedings it is believed the governor would fall back on claims that he is entitled to a change of venue. This has been conditionally offered by State's Attorney Mortimer who suggested a conference of the legal staffs of the prosecution and the defense for the purpose of agreeing on some county other than Sangamon.

Governor Small left the capital today for his home in Kankakee without indicating what his next course will be. He said he did not even know when he would return to Springfield, declaring that he was very anxious to inspect some more roads soon.

Arguments over the application for a change of venue for Vernon Curtis, Grant Park banker indicted with the governor, will be offered Aug. 22, according to announcement by Curtis' attorney, Paul Fisher of Chicago.

Mester Answers Small

Springfield, Ill., Aug. 11.—Sheriff Henry Mester tonight replied to Governor Small's bitter attack which followed the governor's arrest Tuesday on charges of embezzlement. The sheriff declared he tried every legitimate way to avoid humiliation of the governor, "beyond that incident to the serving of a warrant in the ordinary way."

"I am sorry that the governor's course made my presence at the capital necessary a second time," Sheriff Mester said.

"In the statement issued by the governor yesterday I am severely criticised and condemned for his arrest. In relation thereto I beg to call attention to the fact that on July 25 last, the governor thru his counsel, wired me to come to Chicago, either in person or by deputy and make the arrest there. I replied on the following day that I would not subject him to this inconvenience and requested that he wire me what day he would be in Springfield for the purpose of having process served. To my telegram I received no reply."

"On last Monday afternoon I went to the governor's office without the warrants for the sole purpose of making some arrangements for the service of these warrants with the least possible embarrassment and humiliation to the governor. I had no other purpose in mind but he indicated to me that the opinion of his attorneys would make it unlawful for me to serve these warrants and might make me liable on my bond."

Told of Warrants

"I told the governor before I left his office that the warrants had been ordered served by the court and that I would serve them. On the following day I went to the state house taking with me my chief deputy, Mr. Lemon, and Deputies Dickerson, Trees and O'Brien. I also selected three competent and experienced police officers, Messrs. Gannan, Jesberg and Walsh. I had no thought of using any force unless it was necessary and I took competent and experienced men with me merely to meet any exigency that might arise. I did not want to humiliate the governor and I took every possible step to avoid this very thing."

"The governor finally called me into his office and he made the suggestion that the warrants be served at his executive mansion. I had made the suggestion that he come to the court house at his pleasure. I agreed to his own suggestion and the warrants were served at the executive mansion."

"I was not responsible for the number of people present at the state house or at the mansion. The only persons I had with me I have herein named. In every legitimate way I tried to avoid any proceeding in making this arrest that would cause the governor humiliation or inconvenience."

STRICT ECONOMY IN GOVERNMENT EXPENSE NEEDED

Only Way Tax Revision Program Can Be Accomplished

(By The Associated Press)

WASHINGTON, Aug. 11.—Both the administration and congress were warned today by Secretary Mellon that the \$550,000,000 reduction in estimated departmental expenditures agreed upon at the White House conference last Tuesday as a part of the whole tax revision program could be accomplished only by the exercise of the most rigid economy.

"To accomplish this reduction," Mr. Mellon declared in a letter to Chairman Fordney of the house ways and means committee, "it will be necessary for the administration with the assistance of the director of the bureau of budget to put forth its utmost efforts to insure economy in every government activity and for congress on its part to give the most wholehearted cooperation."

"I cannot too strongly emphasize that the program agreed upon and outlined in this letter depends upon the reductions in expenditure which the administration expects to accomplish and that the anticipated savings can be effected only by the most consistent and determined efforts to cut expenditures. The estimate of receipts on the other hand represents the utmost expected to accrue during the year, particularly in view of the uncertainties resulting from the depression in business and the shrinkage in incomes and profits."

Talk "Paper Savings"

The tax question got into house debate today. Democratic leaders attacking the program with charges that only the wealthy would benefit by most of the proposed changes in the revenue law and that the curtailment in departmental expenditures for this fiscal year agreed upon at the White House conference would prove merely "paper savings."

Republican leaders replied with the declaration that the new law would lift \$600,000,000 off the people yearly and launched a counter attack against the Democrats for leaving over to this administration what were described as unnecessary burdens growing out of the war including payments to the railroads.

Majority members of the ways and means committee considering the tax bill held only one session today. This was given over largely to a discussion of changes in administrative features of the existing law.

TRYING THE CASE IN THE PAPERS.

If the discussion of Governor Small's arrest continues it will be almost impossible to find twelve unprejudiced jurors in the state of Illinois. Ever since the indictment was returned by the Sangamon county jury, the case has been aired in the newspapers, mainly thru interviews and statements issued by various officials. It is doubtful if any case in the history of the state has ever before this time been "tried" to

such an extent in the newspaper columns.

TOO MUCH HIGHWAY SPEED.

A Jacksonville man who is driving to Chicago this week will avoid the hard road between Springfield and Peoria. There is some foundation for the stories that there is so much fast driving on the hard road that it is dangerous for the average automobilist.

That is one of the problems which will come with the hard roads—the stricter observance of traffic laws. There are plenty of laws on the books now for the purpose of regulating traffic, but the trouble is that conditions are not observed.

AIDING THEIR CITY.

In Decatur the unusual spectacle is presented of people contributing to a special fund of \$5,000 in order to maintain the city health department. It seems that the loss of the vehicle license fund has so crippled the city treasury that no funds are available for the health department. Time was when a citizen asked to contribute any money other than thru taxation for municipal enterprise would have been amazed. Nowadays even with high taxes, many cities are so short of funds that to give the public all the service desired there must be direct contributions by citizens themselves.

THE CHEERFUL PROSPECT.

Some of the talk about better business conditions may be simply a part of the program of "propaganda," purposing to make times better by feeling that they are so. But there is evident sincerity in

the statement of J. Ogden Armour of packing industry fame, that business is better.

Mr. Armour gives the cheerful message that the packing business is now "leading the procession out of the mountain of adversity into the valley of prosperity." But Mr. Armour warns that people must be satisfied with reasonable prosperity—not the kind incident to the war time.

NOT "PURELY PSYCHOLOGICAL."

Contrasting the industrial depression of 1913-1914 with the situation today the Republican Publicity Association has this to say: "Following the inauguration of the Democratic administration in 1913 and the enactment of a Democratic tariff law, there was a period of decline in industry due largely to the fact that the United States was increasing its imports and decreasing its exports, giving more employment to foreign and less employment to American labor. There were long lines of unemployed getting free food from bread wagons and soup carts. President Wilson's explanation of the depression was that it was 'purely psychological.' There were 5,000,000 men out of employment."

"It is said that there are four million men out of employment now, but the Republicans make no claim that it is 'purely psychological' condition. We admit that the present condition is due to a number of very definite causes, chiefly reaction from war conditions, but accentuated by the waste and extravagance of the Wilson regime, the heavy taxes necessitated by that extravagance, the deflation policy adopted by the Democratic Federal Reserve Board, the scrambling of the railroads by the McAdoo management, and the paternalistic policies pursued by the Democrats during all their eight years of rule."

"The present condition is not 'purely psychological,' and neither was the depression that followed the adoption of a free trade policy in 1913. There was a very real cause for the depression that afflicted the country during the first two years of the Wilson administration—and relief came only when the war furnished this country with unprecedented markets at unprecedented prices, with no competition from abroad. The Democratic administration was not required to do anything to get the nation out of its difficulty."

"There is also a real cause for present conditions, but apparently not hard work, sound legislation, and wise economy on the part of the administration and the people will restore the country to prosperity."

Brief services at the family home preceded the church services, which were held at two o'clock in charge of Rev. Norbury W. Thornton of Geneseo, Ill., former pastor of the Pisgah church.

The church was completely filled with relatives and friends of the deceased, who was well known thruout Morgan county. The services were of a very impressive character, the minister speaking with evident feeling of his friendship for the aged woman whose life journey has just ended. The text was taken from the 46th Psalm, 1st verse: "God is our refuge and strength, a very present help in time of trouble." With these words as a basis, Rev. Thornton delivered a strong discourse.

The music was furnished by a quartet composed of Mrs. M. E. Greenleaf, Mrs. Lester Gray, Messrs. Albert Swinger and Claude Kenan, who sang "Nearer My God to Thee," and "Rock of Ages." Mrs. Greenleaf also sang as a solo, "Looking This Way," with Mrs. Carrie Moeller as accompanist.

Of especial beauty were the floral offerings, betokening the love and esteem in which Mrs. Richardson was held by many. The flowers were in charge of Mrs. James Dobyns, Misses Elsie Kincaid, Esther Vasey and Ada Vasey.

Following the services at the church the long cortege moved to Diamond Grove cemetery where the remains were laid to rest. The pall bearers were A. H. Welborn, J. T. Holmes, James Dobyns, Miss Elsie Kincaid, Esther Vasey and Ada Vasey.

Following the services at the church the long cortege moved to Diamond Grove cemetery where the remains were laid to rest. The pall bearers were A. H. Welborn, J. T. Holmes, James Dobyns, George Graff, Irvin Stevenson and W. T. Scott.

SEEK TO RESTRAIN SHUTTING OFF HEAT

SPRINGFIELD, Ill., Aug. 11.—Another suit for injunction to restrain the Springfield Gas & Electric company from shutting off heat and power at the expiration of its franchise August 15 was filed today in the Sangamon county circuit court. The bill was filed by a local brick company on the ground that the utilities company is under contract to furnish power to the brick company until 1923. The city is made a party to the

suit and an injunction restraining it from interfering with the operation of the utilities company's plant after August 15 is sought. Similar suits were previously filed by a local hotel company as new angles in the long controversy between the city and the utilities company over the questions of a new franchise and the purchase of the plant by the city. Springfield votes August 16 on the propositions to purchase the plant or issue bonds to enlarge the municipal plant. Petitions to grant a new 25 year franchise to the utilities company are in circulation.

HARDING'S FATHER ON REACHING HOME ADMITS MARRIAGE

Takes as Bride His Office Assistant for Many Years (By The Associated Press) MARION, O., Aug. 11.—Dr. George T. Harding, father of President Harding, on his arrival here tonight from Toledo admitted he and Miss Alice Severs, his stenographer and office attendant had been married at Monroe, Michigan, today.

Marries Stenographer Monroe, Mich., Aug. 11.—Dr. George T. Harding, father of the president came here today, married Miss Alice Severs, for many years nurse in his office at Marion, Ohio, and left the city before more than a score of citizens had guessed his identity. Dr. Harding is 76 years old and his bride is 52.

Accompanied by a younger Marion couple who refused to divulge their names, Dr. Harding and Miss Severs drove into Monroe in an automobile shortly after noon. They immediately obtained a marriage license and asked to be directed to a Baptist parsonage. As there is no resident Baptist pastor here the couple went to the home of the Rev. Frank T. Knowles, pastor of the Monroe Presbyterian church who performed the ceremony at two o'clock. Following the wedding Dr. Harding and his bride left immediately in their automobile driving south toward Toledo. Dr. Harding made an attempt to withhold announcement of his marriage. The license was marked "not for publication". Asked by the Rev. Knowles before the ceremony if he was the father of President Harding, the physician ignored the question. Dr. Harding talked with newspapermen and attaches of the county clerk's office but when asked concerning his relation to President Harding he ignored the question.

HOUGHTON, Mich., Aug. 11.—Two men were killed and five injured seriously when the party was buried under several tons of fallen rock in No. 6 shaft of the Quincy mine today. Their bodies have not been recovered but a searching party is at work in an effort to uncover them.

COMMITTEEMEN OF PRECINCTS SHOULD BE ELECTED ALSO

Named in April for Two-Year Term, Brundage Opinion (By The Associated Press) SPRINGFIELD, Ill., Aug. 11.—Attorney General Brundage in an opinion rendered to Secretary of State Emmerson today held under the new Meents primary law, precinct committeemen should be elected next April for terms of two years. Immediately after adoption of the Meents law the question of whether it included provisions for the election of committeemen at the April primaries was raised. The law, it was claimed, was not specific on this point. It was also questionable it was said whether the committeemen if elected next April should hold two or four year terms.

DISARMAMENT MOVEMENT TAKES FORM

Continued from Page One.) Discussion of the burden of armament was omitted and the following was substituted as the concluding paragraph: "Accordingly in pursuance of the proposal which has been made and in the light of the gracious indication of this acceptance the president invites the government of the Republic of China to participate in the discussion of Pacific and Far Eastern questions in connection with the conference on the subject of limitation of armaments to be held in Washington on the 11th day of November, 1921."

SHERMAN OFFERS TO ASSIST BRUNDAGE

SPRINGFIELD, Ill., Aug. 11.—Lawrence Y. Sherman, former United States Senator from Illinois, who offered his services gratis to Attorney General Brundage following Governor Small's veto of \$700,000 in appropriations to the attorney general, was today assigned to the Bruckel-Brudek case in the supreme court where the new Illinois prohibition bill is to be tested. Mr. Brundage, in a letter to Mr. Sherman declared that he considered himself as fortunate "in having the advantage of your valuable services in representing the state and defending the constitutionality of the act referred to."

LANDIS TALKS ON BUILDING PROBLEMS

CHICAGO, Aug. 11.—All building construction is burdened with public interest, Federal Judge Landis said today in a talk to representatives of 47 building crafts in which he handed back their agreements with their employers and suggested changes in each one. Until the agreements are changed he said he would not make any decision in the wage controversy in which he is arbiter. Many of the clauses to which the judge took exceptions, he pointed out, merely added to building costs, while others established unreasonable limitations or discriminated against other workers.

FATAL SHOOTING IS CAUSED BY MARRIAGE

BIRMINGHAM, Ala., Aug. 11.—Father James E. Coyle, for many years pastor of St. Paul's Catholic church died at a hospital tonight after having been shot three times according to the police by Rev. E. R. Stephenson, Methodist minister. Immediately after the shooting, Stephenson went to the county jail and surrendered, admitting, according to officials there that he had shot the priest. GRAND JURY INDICTS BURCH AND WOMAN FOR KENNEDY MURDER

Two Remanded to Jail After Evidence is Presented (By The Associated Press) LOS ANGELES, Calif., Aug. 11.—Arthur C. Burch of Evanston, Illinois was indicted tonight charged with the murder of John B. Kennedy in Beverly Glen, a suburb, on the evening of August 5. Kennedy was killed by receiving a charge from a shotgun in the back of his head.

Mrs. Madeline Obenchain, of Chicago and Los Angeles, who was with Kennedy at the time also was indicted for murder. Mrs. Obenchain had been held as a material witness almost ever since she reported the murder to passersby a few minutes after it occurred. The indictments were returned before Judge Sidney Reeves of the superior court, who remanded both prisoners to the county jail, to be arraigned Monday.

When Burch and Mrs. Obenchain were taken back to jail after the indictments had been received the latter collapsed. Burch appeared dazed but retained his composure. The grand jury proceedings that led to the indictments today were relatively brief; the jury convened shortly after 10 o'clock took an hour for lunch and finished everything but the actual signing of the indictments by 6 o'clock. In addition to giving the two defendants an opportunity to be heard the grand jury had heard:

John D. Kennedy, father of the dead man; T. M. Haley, manager of the hotel where Burch roomed before the shooting; Dick Parsons, automobile liveryman and Lynn Keith, his night manager; Mrs. Louise Wilson, a manicurist and beauty specialist, a friend of Mrs. Obenchain.

Deputy Sheriffs Nolan and Bright, who returned Burch from Las Vegas, and who had charge of the early investigations in the case. Otis M. Wiles, reporter who found two empty shotgun shells and who helped to verify the automobile tire imprints.

Dr. R. W. Wagner, county autopsy surgeon. Mrs. Emma Smart and Miss Glenys Smart, mother and half sister of Mrs. Obenchain.

William D. Murray, business associate of Kennedy. Mrs. J. K. Kennedy, mother of the slain man.

GREENE COUNTY FREE PHONE SERVICE NO MORE

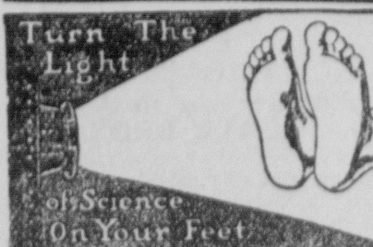

White Hall, Aug. 11.—Free telephone service over Greene county is no more. For years this has been the privilege of the patrons of the Central Union Telephone Co., while the Illinois Telephone Co. charged toll on calls between Roodhouse, White Hall, Carrollton and Greenfield. Now that the Central Union has been absorbed by the Illinois, the latter has a monopoly on the telephone business of Greene and adjoining counties, and the first evidence of this new deal is the order that went into effect today abolishing the free county service.

Chicago, Aug. 11.—Charles R. Carney of Evanston, member of the last year's football team at the University of Illinois and placed on Walter Camp's all-American team for 1920 underwent an operation today as the result of an injury suffered in a game last fall when a ligament was torn loose in his right knee. "My football days are over," said Carney. HOWITZER COMPANY
SOON GOING TO RANGE

Militiamen Will Spend Two Weeks or More in Camp at Springfield.

Members of the local howitzer company will prepare their camp packs this evening and depart for Springfield the 19th of this month.

This will be the first time that Jacksonville militiamen have gone to the Camp Lincoln range without rifles. A recent order changed the equipment from rifles to howitzers and 45 revolvers and both weapons will be used by the local company on the big range. Seven of the company will use rifles.

The local men will be at the range fifteen or sixteen days, during which time they will be permitted to take in the State Fair and will probably appear in a regiment at the fair grounds.

The company, which includes sixty-one men and two officers, will be instructed by regular army officers.

Sergt. Floyd Lashmet of the

company, who has been doing field work for Illinois College, has returned and will be on duty at drill practice. The company recently received some new howitzer equipment.

MATRIMONIAL

Roche-DeFreitas

The bride was dressed in white georgette over satin, and carried a bouquet of bride's roses. A wedding luncheon was served after the ceremony.

The young couple will be at home after a few days, in a newly furnished bungalow at Little Indian.

The bride is the only daughter of Mr. and Robert K. DeFreitas of 1094 North Main street. She was graduated last May from Jacksonville high school, and has been a student in voice at the Conservatory of Music.

The ceremony took place at the home of Mr. and Mrs. Edward Kastrup, 229 West Jackson street. Only the parents of the bride and other immediate relatives were present and very few people knew that the event was to take place. Following the ceremony an elaborate dinner was served to the wedding party.

The newly married people left on an early afternoon train for Chicago and other northern points. Following their wedding journey they will return to Jacksonville and after September 1 will be at home in their new bungalow on South Main street. The bride is a daughter of William Kastrup, superintendent of the industrial department of the Cloverleaf Life & Casualty Co. After graduating from the Jacksonville high school she studied voice for several years at the Conservatory of Music. For some time Mrs. Hembrough has been employed in the office of the Cloverleaf Co.

JAMES RUSSEL TALKS
TO KIWANIS MEMBERS

Brother of State Auditor Notes Improvements in City—Character to be Presented Soon.

James Russel of Hanson, Nebraska, was the chief speaker at the regular luncheon of the Kiwanis club at the Peacock Inn, Thursday noon. Mr. Russel, who is a brother of State Auditor Andrew Russel of this city, congratulated the club on the work which it has already done, and spoke favorably of the growing custom of forming such organizations. He stated that a number of changes had taken place in Jacksonville since his last visit, and said he thought the city is now "on its right foot."

Other visitors present at the meeting were Thurman Lucas of Chandlerville, county judge of Cass county, and J. C. Dutcher of Peoria, a representative of the Standard Oil company.

Prizes in the drawing contest went to John Larson and William Floeth. This contest is held at each meeting for the purpose of encouraging attendance. The attendance record during July was sixty per cent, in spite of the hot weather.

At a meeting of the trustees, held after the regular session, only routine business was transacted. Plans are being made for the presentation of the club's charter at an open meeting in September, with men present from all parts of the state.

LOCAL DOKAYS WON
THIRD DRILL HONORS

Jacksonville Men Made Fine Showing in Contest With Many Entries.

The Dokay drill team of Ilderim Temple of Jacksonville, won the third place in the team contest at the session of the Imperial palace of the order in Chattanooga, Tenn. A telegram bringing this good news was received by The Journal from City Clerk J. E. Scott, who is one of the representatives of Ilderim Temple at the convention.

Toledo won first in the drill contest, Milwaukee second and Jacksonville third. Our boys were greatly pleased with the decision as numerous teams were entered and the contest was spirited.

Sessions of the imperial palace continue thru today and adjournment will be taken tomorrow morning. The Jacksonville delegation will probably reach home Sunday. Members of the order take great interest in the work of their drill team and there is always a strong competition for the prizes that are offered in the contests held each year in connection with the imperial palace.

C. OF C. DIRECTORS
IN REGULAR SESSION

No Business of Large Importance Considered at Meeting Thursday Night—Committee Reports Presented.

A regular meeting of the directors of the Chamber of Commerce was held Thursday night. No business of large importance was considered but many affairs relating to Chamber of Commerce work were discussed at length. Vice President John W. Merrigan presided.

Committee reports were given some attention and Secy. Welch stated that a labor and employment bureau is in operation and that a number of applications have been acted upon.

One matter that the secretary brought to notice was the need for signs on the roads and trails leading out of Jacksonville. A plat was presented showing possible locations and the secretary was authorized to get estimates for the expense of the needed signboards. He was also instructed to have a small signboard or arrow placed at the corner of Morton avenue and South Main street for the guidance of tourists. Residents in that locality state that tourists going east on the Ocean to Ocean highway very frequently pass Morton avenue without noticing that a turn should be made there.

It was decided that the regular meetings of the board will not be held during the two weeks' absence of Secy. Welch at the American City Bureau summer school unless a special call is issued for such meetings by the directors.

New Home Sanitarium

Incorporated

A Private Surgical Hospital

Thru its Public Health Department Says:—

Our attention has been called to the absence of our Bulletins of Health the past three weeks, but glance at the busy corner, 323 W. Morgan, and you can see why this seeming neglect.

In reality it is not neglect because all spare moments have been used to provide better and more accommodations for those who must join the "Crusade" for better health and longer life by having diseased parts and foreign bodies removed by the knife.

In fact we are endeavoring to make The New Home Sanitarium not only the safest place, but the only logical place, because it is a real Surgical Hospital, devoted to surgical work only, but the most home-like place to be in when having to go thru the ordeal of a surgical operation.

Don't be contented until you see for yourself what a home-like place this really is.

TROUBLES OVER SAYS COAL MINER

O'Donnell Says He Has Biggest Appetite He Has Had In Years—Praises Tanlac

John C. O'Donnell, 516 Maple Ave., Springfield, Ill., a coal miner employed by the Peerless Coal Company, and a member of United Mine Workers, Local 691, is still another who has cause to be glad he gave Tanlac an honest trial.

Mr. O'Donnell says: "I never did get the bad effects of the 'flu' over until I took Tanlac. All last year I kept going down hill. I had no appetite to speak of and what I ate gave me a lot of trouble-sometimes it seemed like so much lead in my stomach."

"That with swimming in my head that came on me when I stooped over, and a smothering feeling like I was about to draw my last breath, I had to knock off work at times. Some days I didn't have strength enough to use my pick and all the blood seemed to go out of my face and my skin was yellow like I had jaundice."

"It takes a mighty good medicine to bring a man up from the fix I was in but that is what Tanlac did. I'm a hale and hearty man today and don't have to lose an hour from work."

"I haven't had such an appetite in years and indigestion is a stranger to me now. I have gained ten pounds in weight and feel so good that I want everybody to know about Tanlac. It certainly does the work."

Tanlac is sold by leading druggists everywhere. (adv.)

When you were a boy you probably read the Nick Carter, Diamond Dick or Frank Merriwell stories. The first two or three because other youngsters told you they were all exciting--after that because you knew they were--you had confidence in their author and publishers. You knew you'd find a thrill on every page, and you did.

It's the same way in building any business--yours or ours. By constantly rousing your interest in our merchandise, through price and value, we are going to get your interest, and soon your confidence in what we have to sell. This confidence is frequently won even before an actual purchase is made, and this makes selling easier.

CAPPS DEFEAT PRESS

A postponed Twilight league game was played Thursday evening on the Eli Bridge Co. baseball diamond between Capps factory and the Press baseball nines. The final score was 8 to 1 in the former's favor. For four innings the score stayed at 2 to 1 in Capps favor when 3 singles, a triple and a walked batter resulted in 6 runs.

The lineup:
Press: L. Morrison ss, Sparger c, Shelton p, Haney 1b, Crowe 2b, Doolin lf, H. Harrison lf, Hester 3b, Cooney rf.
Capps: H. Towers 1b, Nunes lf, Smith ss, Henderson 2b, McDaniels p, J. Towers 3b, Corbridge cf, Correa rf, Sullivan c.

POST OFFICE TEAM MAY WIN TWILIGHT PENNANT

The Twilight League baseball series is nearing its close and from the looks of the various teams' averages the Post Office seems to have the best chance of winning, with the Merchants and Capps Mills tied for second.

With the end of the season so near Secretary Findley of the Y. M. C. A. has made some suggestions on a fitting way to end it. Mr. Findley suggests that at the season's close the victors be banqueted by the rest of the League. This would be a prize well worth winning. A banquet with all the members of the League present would also enable them to lay definite plans for next year's series and save all the trouble and confusion that accompanied the start of this year's series.

With something of this kind in view it will be necessary to take some sort of action shortly as there are only five games left to play, one scheduled and four postponed games.

PERISCOPE ANNEXED RICH RACING STAKE

Wins Free-for-All Trot Open to All Except Peter Manning and Arion Guy—Takes First and Third Heats and Placed Fifth in the Second.

North Randall, Cleveland, O., Aug. 11.—The unbeaten four-year-old mare Periscope annexed the richest Grand Circuit racing stake of the year today by taking the first and third heats of the North Randall free-for-all trot, open to all except Peter Manning and Arion Guy, with a value of \$15,000. She was also leading in the second when she went into a break about an eighth of a mile from the wire and finished fifth, Millie Irwin taking that heat.

Periscope is owned by the Holyrood Farm, Lexington, Ky., and was driven by L. Dodge, one of the owners.

The last mile was raced over a sticky track. Rain fell intermittently all afternoon and after the big race came down so hard it was necessary to postpone the last heat until tomorrow. In the first heat Dodge laid back with Periscope, and the stretch where he took the lead and won easily. Arion McKinney which had set the pace a greater part of the mile weakened in the brush home and was managed to save the third place from the fast coming Grey Worthy. Periscope assumed the lead at the start of the second heat and held command until passing the seven-eighths pole where she broke. W. R. Fleming who had laid behind the pacemaker with Millie Irwin then came out and won with Arion McKinney finishing second.

In the third heat Dodge laid in second position to the stretch where he overcame Millie Irwin's lead and won by a length.

The News' sweepstakes for two-year-old trotters went to the Great Mid-West but not until Peter The Great colt had been forced to a split heat race. Driven by Walter Cox the Great Mid-West won the first and third heats. King Etawah, favorite in the betting with his stable mate, Grace Etawah won the second heat.

The 2:10 trot went to Jane Tite Great, favorite. It was Walter Cox's second win of the day. The 2:10 pace was another split heat affair.

Wedding Gifts and Good Taste

Nothing requires exact good taste more than a wedding present. It is designed to express both approval and affection. Its selection demands care. The correctness of our jewelry and silverware eliminates risk of a poor choice and the Hallmark quality assures absolute value. That is why Wedding Presents from here are more than a mere name.

Attention is directed to the fact that the recent reduction of silverware places sets and special pieces at such a low figure that a little money goes a long way today. The exclusive pattern silver we are showing is something worth seeing because of its beauty.

TRADING MORE ACTIVE UPWARD SWING IN
ON STOCK EXCHANGE PRICE OF WHEAT

By Associated Press.

NEW YORK, Aug. 11.—En-
couraged by the success of yes-
terday's drive speculators for the

turn today and brought about a
further decline. Trading was
more active and the downward
movement preceded steady. A
late attempt to drive the shorts to

sues, including American Sugar,
Utah Copper, American Inter-
national, General Electric and Cen-
tral Leather preferred.

Altho railroad stocks sold off
with the remainder of the list,

the industrial. Coppers, oil,
equipments, motors and sugars
responded readily to pressure.

Sentiment was decidedly bear-
ish but the day brought no de-
velopments to account for the
trend of quotations. Trading con-
tinued to be largely in the hands
of professionals.

The downward movement in
sterling exchange was halted.
Call money continued to hold at
six per cent, but there was a sen-
sible stiffening of quotations for
time funds, with offerings small.

Liberty bonds continued to
move in uncertain fashion today.

CASH GRAIN
REPORT

By Associated Press.
CHICAGO, Aug. 11.—Cash
wheat today were 310,000 bushels
of wheat 110,000 bushels of corn
and 100,000 bushels of oats. Car
lot receipts were:
Wheat 221 cars.
Corn 200 cars.
Oats 378 cars.

The country was a free seller of
corn to arrive, one house booking
500,000 bushels and other houses
also booking generous amounts.
It was reported but not confirm-
ed that 800,000 bushels of corn
had been sold to exporters out of
here yesterday. Lack of vessel
room is handicapping shippers in
efforts to make sales to export-
ers. Vessel room was chartered
here to for two hundred bushels
of wheat. Cash basis for wheat
was a little firmer today, the cash
corn basis a trifle stronger and
the cash oats basis on heavy
grades.

When Eye Muscles Weaken

When eye muscles become weakened from overwork they do not always weaken evenly. Eyes are very delicately poised. Their movement must be absolutely in unison. If one set of muscles is weaker than another it imposes a strain that saps your strength and impairs your efficiency. If your eyes do not seem to pull together, if you are conscious of a strain you need our services. Many years of successful practice in Jacksonville peculiarly fits us to help you.

MEREDOSIA CAMPERS PLANNING BALL GAME

Boys in Camp at Rotary Club-house Form Ball Teams—Letter Gives Interesting Facts About Camp Doings.

Rotary Club House, Meredosia, Ill., Aug. 10. Well, it is raining here now and so there is not much going on just at present. We have just returned from dinner, and every meal adds to our enthusiasm about our cook. He certainly knows how to do it.

We went to Meredosia last night and didn't get back until late, so we didn't put on the initiation for the "Royal Order" but we are going to do that tonight. Ernest Bray and George Johnston were here yesterday for a few hours, and Leo Johnson brought a Victrola over too. We certainly enjoy the music and are very grateful to the J. Bart Johnson Co.

There is a big picnic over at the fish hatchery today. There are about 75 cars and 300 people over there. Dorothy Cully of Jacksonville was among those in attendance at the picnic.

Postmaster Wetzel is doing big business these days, and the same is true of Walker, the banker. Our new store is causing the bank to go broke, and it's a shame.

Everyone was awakened this morning by the wonderful strains of the slaperatus, which Rick was handling. Sanders was first to rise when Rick tore loose on him with the slaperatus. Barrie, Sanders, Peck, Irving, Kelly, George Wetzel, Bob Red and Walker all had a dose of the slaperatus.

Tomorrow is visitors' day and a large crowd is expected from Jacksonville so come on down. Thursday night is stunt night. Many stunts are expected to be carried out and prizes are offered for the best ones.

Plans are now being made for a baseball game, the winners of which will be given a spread by the losers. The teams are made up as follows:

No. 1—George Wetzel, captain; Sanders, Dodsworth, Mance Johnson, Bob Reid, S. Nicol, Ransdell. No. 2—"Wid" Johnson, captain; Bergstrom, Kelly, Smith, Barr, T. Wetzel, Osborne, Irving and Walker are the umpires and Rick is scorekeeper. This will be all for today.

OLD FOLKS MADE NEW

"It is now five months since I took a course of your medicine for gas and stomach trouble and I am feeling entirely well. My friends all tell me I am looking twenty years younger and I certainly feel as they say. I am recommending Mayr's Wonderful Remedy to all ailing with stomach and liver trouble." It is a simple, harmless preparation that removes the catarrh mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

More Value for Less Dollars

The Famous Titan 10-20
\$900

All former price advances are wiped out by the big reductions made on this three-plow tractor. We believe this is the best buy on the tractor market, barring none.

This is the lowest price ever quoted on the Titan, considering equipment now included (formerly sold extra). March 1, 1921 the price was \$1,200. Now it is \$900. As this price disregards manufacturing costs, we do not know how long it will be maintained.

International 8-16 is also lower than ever before. Consider carefully before you purchase. You need full value for your dollars. The length of service and freedom from trouble means a big saving to purchasers of the Titan 10-20 or International 8-16.

All prices f. o. b. Chicago. We can arrange suitable terms. These prices certainly justify the immediate purchase of a tractor. Get yours in time for the horse-killing work of hot weather plowing and the fall and winter belt work.
